RESEARCH SUPPORT

Dear Potential Volunteer:

Welcome to David Geffen School of Medicine. We are inviting you to join us as a volunteer with the JSEI Affiliates community outreach programs.

We anticipate you will be with us for one year as your schedule permits. Your activities will include working with children in the Preschool Vision Screening or Vision In-School. Please note you will not be involved in patient care, have access to patient identifiable data or hospital access.

You will be contacted regarding any pre-start requirements that need to be met or completed prior to your start date (i.e. background check, HIPPA training, etc.).

Sincerely,
